ATLS® Student Course
The Advanced Trauma Life Support® Student Course is a two-day educational program designed for doctors who are primarily responsible for managing the critically-injured patient.

Initial assessment and management of specific injuries are presented through lecture and skill stations. The participant observes and practices to proficiency, those life-saving skills necessary in the initial management and stabilization of the trauma victim.

ATLS® Instructor Course
This course is designed for doctors who satisfy the qualifications of the model ATLS® Instructor:
• Successfully complete a Student Course within two years of applying for the Instructor Course
• Be identified as Instructor potential upon completion of Student Course
• Demonstrate commitment to the care of the trauma patient
• Demonstrate commitment to the ATLS® principles and philosophies
• Demonstrate proper attitude of a model Instructor
• Demonstrate effective communication skills
• Willingness to serve as a faculty team member

Out-of-State Instructor Applicants: Must have written approval from their respective state’s Committee on Trauma chairperson upon application.

ATLS® Refresher Course
The Committee on Trauma of the American College of Surgeons verifies the ATLS® Student level for four years (with a 6-month grace period). The Refresher course is designed for Student level reverification.

Participants must complete the pretest materials, complete self study review, review and complete one practice rotation at patient assessment, then successfully complete both the patient assessment testing station and the written post test.

Accreditation
As an organization accredited for continuing medical education by the Accreditation Council for Continuing Medical Education, the American College of Surgeons designates this continuing medical activity as meeting the criteria for Category 1 and the following numbers of credits:
ATLS® Student: 19 hours
ATLS® Refresher: 5 hours
ATLS® Instructor: 12 hours

Approved by the American College of Emergency Physicians for ACEP category 1 credit.

Registration
FEES: $800 - Student; $400 - Refresher; $700 - Instructor

The registration fee covers the cost of record keeping expenses, program materials, faculty expenses and continuing education recording.

Space is limited and available FIRST COME, FIRST SERVED. We encourage early registration so we can provide the best service to our participants.

ALL EMSLRC COURSE REGISTRATIONS ARE NOW ON-LINE.

PLEASE VISIT OUR WEB SITE AT www.uihealthcare.com/emslrc

CLICK ON: COURSE REGISTRATION AND DETAILS

Course materials will be mailed once the enrollment form and payment have been received.

WE ARE UNABLE TO ACCEPT PHONE REGISTRATIONS.

Registration Deadline
All registrations must be postmarked or FAXED no later than six (6) business days before the first day of class.

Refund Information
You will receive a refund of all but $25 of your registration fee if registration is canceled prior to the mailing of course materials. After course materials have been mailed, until two business days prior to the beginning of the course, a 50% refund will be provided. No tuition refund will be provided if cancellation is less than 48 hours prior to the beginning of the course.

The EMSLRC reserves the right to cancel the program due to insufficient enrollment. In this event, you will be notified and your entire registration fee refunded.

We are unable to transfer registrations to future courses.

The American College of Surgeons' ATLS Program complies with the Americans with Disabilities Act (ADA). Any person who needs accommodation under the ADA should contact Bill Elder at 319/384-6024. Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact Bill Elder at the number above.

2009 Advanced Trauma Life Support Courses®

This ATLS® course is presented by the Iowa Committee on Trauma and University of Iowa Health Care
Objectives

The ATLS® course is designed for doctors who first encounter seriously-injured trauma patients. These physicians have the greatest opportunity to impact the patient’s outcome. The course emphasizes a systematic approach to initial evaluation, resuscitation, and preparation of the patient for transfer to definitive care for any doctor, regardless of their specialty training. The process is applicable in any trauma care environment, from the most isolated rural areas to the Level I Trauma Center.

The content is intended to provide the doctor with one acceptable method of immediate management and the basic knowledge and skills necessary to:

• Assess the patient’s condition rapidly and accurately.
• Perform primary resuscitation with decision to transfer and early stabilization on a priority basis.
• Perform a secondary assessment and further management, based upon priorities of care.
• Assure that optimum care is provided each step of the way.
• Initiate primary and secondary management necessary within the first hour of emergency care for acute life-threatening emergencies.
• Demonstrate skills used in the initial assessment and management of patients with multiple injuries during given clinical and surgical skill practicum.

Course Dates

ATLS® STUDENT COURSES
Thursday—Friday — March 5-6, 2009
Thursday—Friday — April 30-May 1, 2009
Thursday—Friday — September 17-18, 2009
Thursday—Friday — October 8-9, 2009

ATLS® REFRESHER COURSES
Friday — March 6, 2009
Friday — April 3, 2009
Friday — September 18, 2009
Friday — October 9, 2009
Friday — November 13, 2009 (Davenport)

ATLS® INSTRUCTOR COURSE
Thursday—Friday — April 9-10, 2009
Thursday—Friday — May 28-29, 2009

Tuition

The registration fees are:

ATLS® Student Course $800
ATLS® Instructor Course $700
ATLS® Refresher Course $400
Audit (ONLY IF SPACE ALLOWS)* $400
*(Available for audit: March, September, October Student Courses only.)

Fees include continental breakfasts, lunches, course materials, lab fees and other related costs.

Instructor Course Schedule

DAY ONE
7:30am Registration/Continental Breakfast/ Welcome
7:45 Introduction to the Instructor Course, Roles, and Responsibilities
8:05 Course Design
8:20 Principles of Learning
9:05 Break
9:20 Intro to Micoteaching as a Concept and Tool in the ATLS program
9:30 ATLS Interactive Lecture
10:30 Preparation Time for Micoteaching
11:00 Interactive Lecture Micoteaching Sessions

DAY TWO
12:30pm Micoteaching Sessions Cont’d
2:30 ATLS Group Discussion
3:00 Break
3:15 Triage Scenario Orientation
3:45 How to Teach Skills and Practice Skills Teaching
6:30 Day’s Summary
6:45 Adjourn Day 1

Refresher Course Schedule

1:30pm Registration/Student Turns in Pretests
1:45 Welcome Overview of Core Content Changes
3:30 Break
3:45 Triage Scenarios and Written Test Practical Skill Stations:
Trauma Patient A
Trauma Patient D
Trauma Patient H
Trauma Patient K
6:45 Summary/Evaluation
7:00 Adjourn

Student Course Schedule

7:30am Registration/Turn in Pretests
7:45 Course Overview
8:00 Initial Assessment/Demonstration #1
8:15 Initial Assessment and Management
9:00 Initial Assessment/Demonstration #2
9:15 Break
9:30 Airway and Ventilatory Management
9:55 Shock
10:35 Thoracic Trauma
11:15 Abdominal Trauma
11:50 Lunch (provided)
12:30pm Surgical Skills Practicum Discussion
12:45 Move to Surgical and Practical Skills Stations
1:00 Surgical Skills Practicum Practical Skill Stations:
II: Airway and Ventilatory Management
IV: Shock Assessment and Management
VI: X-ray Identification of Thoracic Injuries
Group Discussion of Pretests
6:00 Day’s Summary
6:15 Recess

Student Course Schedule

8:00am Head Trauma
8:40 Spine Trauma
9:20 Musculoskeletal Trauma
Secondary Survey Demonstration
10:15 Break and Move to Skills Stations
10:30 Practical Skill Stations:
IX: Head and Neck Trauma
X: X-ray Identification of Spine Injuries
XI: Spinal Cord Injury Assessment and Management
XII: Musculoskeletal Trauma Assessment and Management
Lunch (provided)
1:00pm Injury Due to Burn and Cold
1:40 Trauma in Extremes of Age
2:10 Trauma in Women
2:50 Transfer to Definitive Care
3:10 Break and Move to Skills Sessions
3:30 Practical Skills Sessions:
Triage Scenarios
Written Exam
Initial Assessment Skills Stations
6:45 Course Summary/Evaluation
7:00 Adjourn

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, national origin, color, creed, religion, sex, age, dis- ability, veteran status, sexual orientation, gender identity, or associational preference. The University also affirms its commitment to providing equal opportunities and equal access to University facilities.
